25X1 5. [ ] JSW) Talked to Richard Stuart, INR, State Department, indicating to him that the latest draft of the letter from Mr. Macomber to Congressman Findley in response to the Congressman's letter of 24 April was acceptable to the Agency. I also advised Mr. Stuart that I had seen Mr. Macomber yesterday and he was quite concerned at the initial draft which came to him which contained in it a quotation from CIA and attributed to CIA. Mr. Macomber said he knew this was inappropriate in view of the previous go round on the response to Findley's first letter. Stuart indicated to me that someone had marked that draft as cleared in substance with the Agency and INR whereas he, Stuart, had not cleared it. I also requested Mr. Stuart to let it be known to Mr. Macomber the actual facts on the second draft. Mr. Stuart said he would certainly do this.
